Fit it! Feel it! Love it!

Dear customer,

Comfort Bras are at the forefront of what women desire these days, since we spend so much time at home. This trend is predicted to continue even once things get back to normal.

MUEHLMEIER offers the proven BraCups out of SPACER fabrics and we have come up with yet another great selection of new designs of M-SPACER BraCups.

These innovations bring free & natural wearing and BreastSoothing comfort with tons of support and breathability. We have applied the 3D SPACER knit technology to our new BraCups that lift and support without adding to much volume to the bust.
