Dear Customer,

customer-friendly support is crucial in these days. That's why we want to make our classical M-BraCup Selection available more easily.

The great choice of proven BraCup shapes **used by renowned brands for years - our iconic classic M-BraCup Selection - can now be ordered from 100 pairs/size/colour upwards instead of the previous MOQ of 300 pairs/size/colour.** The new regulation is valid for standard colours, laminations and foam materials.

This M-BraCup Selection is made of **especially developed M-TEC PU-Foam** which is optimized for the use in Lingerie and Swimwear: Breathing foam with limited water-absorption.

These models are also available in individual customer colours. You can choose from every classic BraCup shape: Strap, Balconet, Plunge, Triangle, Removable, Bandeau.

With future-proof products through uncertain times

The MUEHLMEIER M-BraCup Classics are not a collection of remainder or seasonal products, but **a very attractive range in proven fit and quality on a long-term basis and in revolving production.**

You don't have to worry that your M-BraCup may no longer be available sometimes. These shapes will be available for many years to come. With the MUEHLMEIER M-BraCup Classics you are on the safe side.

Do not forget to ask for our special service: the **Corresponding M-Wires** are especially fitted for MUEHLMEIER M-BraCups, you just order them with the cups!
