

Merry Christmas
We care for women!

We support

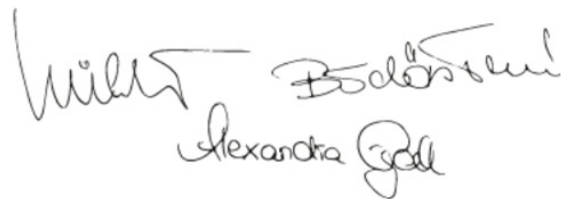

For the trustful and reliable cooperation, even in times of crisis, we would like to express our particular Thanks to you.

Together with you,
our valued business partner, we are about to face the difficult situation successfully.

To welcome the new year, after Trump and Corona, fanfares might issue a powerful call „back to Civil Society“ ... this also refers to the attraction of creativity in fashion.

We wish you and your dear ones a wonderful and peaceful Christmas and a good start in a hopefully less annoying but still exciting New Year.

Your Team
MUEHLMEIER Bodyshaping

This year our four-digit donation goes to the initiative Target e.V. Rüdiger Nehberg, which fights successfully against female genital mutilation.

As part of our companys philosophy,
we support the well-being of women with emphasis on the female bust.

Our greater aspiration is to set a sign for the protection of women's health.
